**Farita.* THE TRAGEDY AT PARIS, KY. is all the fallowing additional report, which was adopted:

It all offences confidenced by the Word of God and the control of any of the juice of the grape as prepared by western visitners? It is reply the nector of the Gods, with an aroma or boquet, when passed becent the year, for superior to Fari-na's or Phalon's finest portunes, and a taste that is not surpassed by the most noted wines of Europe. As prepared by the growers in this yelling, it is, 10 their great credit, press-ed perfectly pure, with none of the modicaagainst by Mr. Aware, who were suchous for pushing on the war, and in this estingory Mr. Lincoln himself was the forement.

When Congress assembled, and this inforesting minure, with many others of the same mort, we laid before them, the Republican members of the Senate, as a part of the appainting power, held a meeting, and recoived. strong—A Woman in the Case—A Re-ward-effered for the Arrest of the As-tensian.

(From he Paris Tree Kerentkian, May 13.)

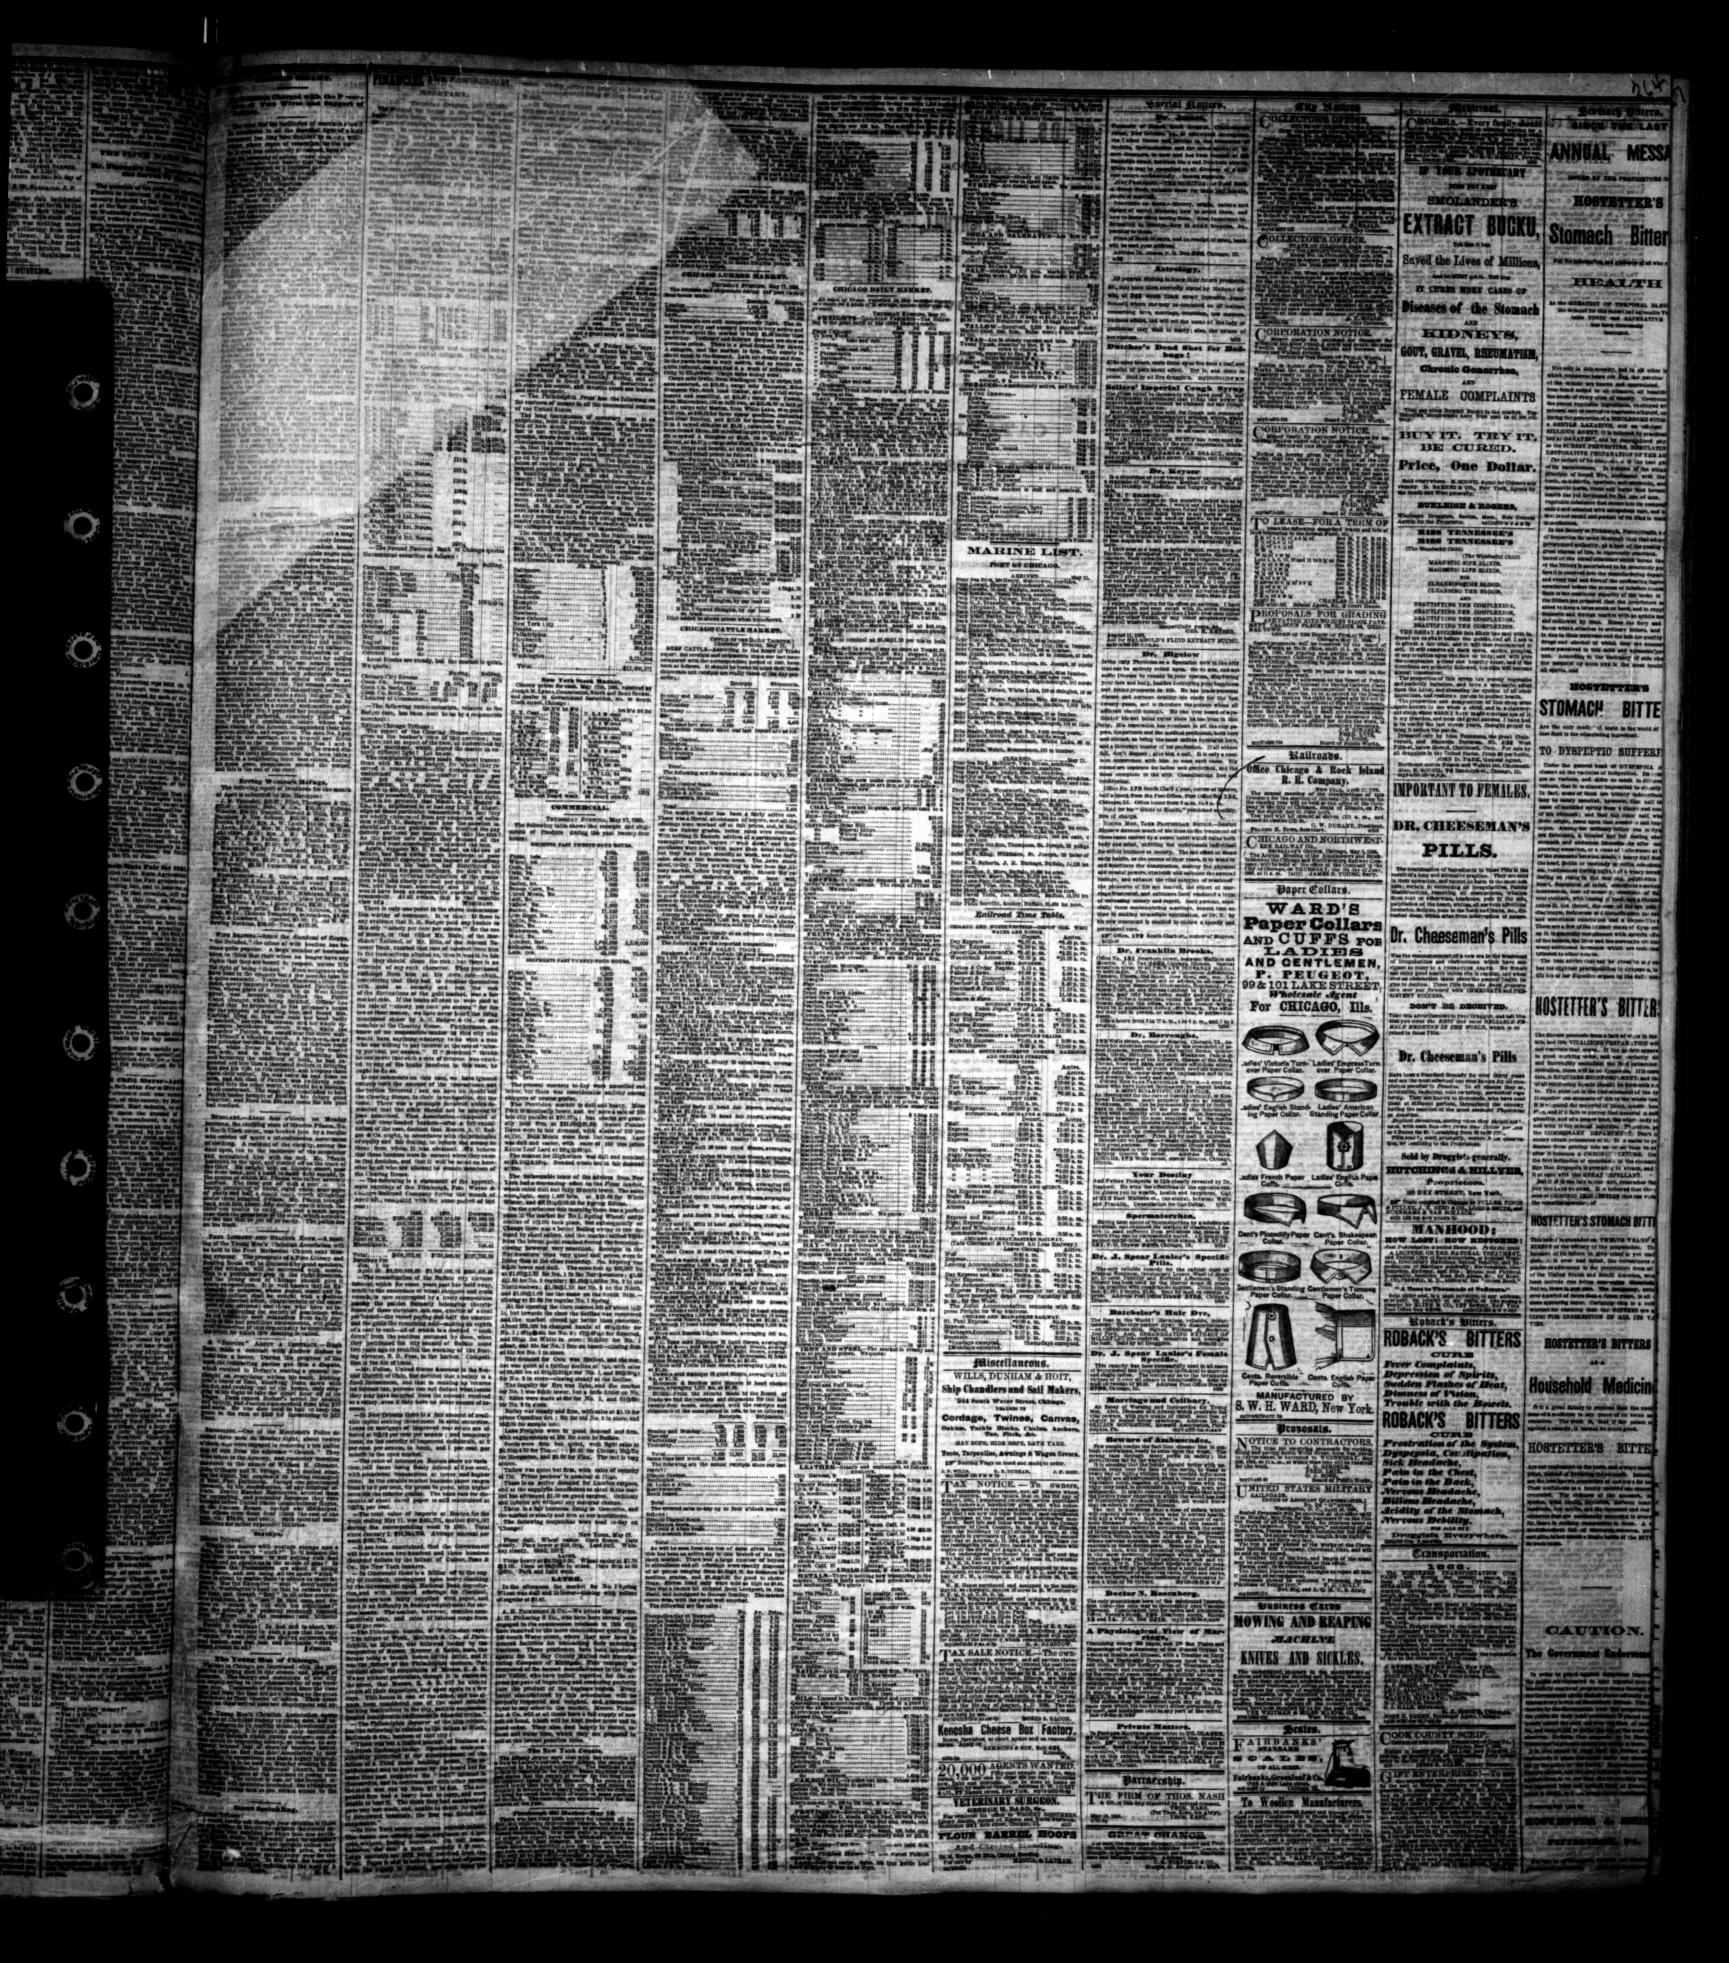

Paris was the come has exeming of another terrible tragedy. Rebert Armstrong was murdered about six o'clock by Robert Merri-mee. Arnstrong was a netire of Fieming County, Kentucky, where his parents, highly respectable persons, still rease. He had when a sulface of Chromatia, and was one of The call of the Central Committee for a Rapadilasin State Convention, to be hald in Springfield on the 8th of Angust, published in our limit of yesterday, omits to state what policies are to be put in somination. They are three in jumber, a state Treasurer, a suthe fields, with an account or bounds, when passed beautiful the grave of the passed to the property to I was a the field of the property of the growners. The control of the property of the growners are the control of the property when so as a many or property press, with more of Alternative of the month that was great forced by the so of an analysis of the property press, with more of Alternative or the month of the the control of the property of the control of the seals in their procince of the country.

A writer in the Munkegon Name gives the results of a comparison of melectrological sectors of the past first years, kept at various process of the past first years, kept at various even as the results of Allanta. General and seven as the results of Allanta. General and seven as the results of the summer of 1804, which did extensive damage in the central and southern portions of the State, were unable to the summer of 1804, which did extensive damages in the central and southern portions of the State, were unable to the summer of 1804, which are considered to the state of the summer of 1804, which the considered to the state of the summer of 1804, which the summer of 1804 The second section of members of the Senste, as a part of the appellicus members of the Senste, as a part of the appellicus pour, held a meeting, and recovered that, so has as they were concerned, they would set a mere upon Mr. Seward, whereby he should be distinguished from all the producences of the special section of the party in the sail the producence of office as one who had become so odjous to the American people that its senste, which had the weadwined on the senste which had the weadwined on the senste which had the weadwined to graving affairs, were now constrained to gate the region fairs, were now constrained to gate the region of the region of the logic people, through their members to will upon the President and curvey their resolution to him.
